

Is Your Home Ready for Christmas?

WELCOMING FAMILY and friends into your home this season is a highlight for many of us. Getting your home ready to be an oasis of warmth and good cheer is probably at the top of your list of things to do this month. But before you get ahead of yourself and start retrieving those decorations from storage, your home may need some sprucing up. Decorating on a clean foundation is much more rewarding than covering up problems. As busy as this season can be, it's a good idea to slow down and really analyze your home's needs before adorning it with ornaments and knickknacks.

You may want to deep clean all of your hard surfaces, including countertops, tile, and grout in the kitchen and bathrooms and possibly sidewalks and outdoor living areas, too. If carpets haven't been cleaned for a while, you may need a restoration cleaning instead of the traditional surface steam cleaning. Once your home looks and feels

clean, you will be inspired to keep it looking that way. I think we all understand that when something feels right, it gives us incentive to keep it feeling great for a long time to come. A truly deep down clean home promotes positive interaction and just makes you feel good. Once you add your beautiful holiday décor, it's sure to be a place that fosters the harmony and joy you desire.

If you need some help getting your home in tip-top shape this season, please give us a call. We'd love to help you make this season as beautiful as possible for your family and loved ones.

We at Surface Doc would like to wish you and your family a Christmas season filled with hope and joy from our Savior Jesus Christ. We'd like to thank our customers for accepting us into your homes and, in some

cases, sharing your lives with us. YOU have been such a blessing to us – this season and all year long. Please help us spread the beauty of Christmas by recognizing the real reason for the season as we count our blessings and live each moment to its fullest. Merry Christmas and Happy New Year from your friends at Surface Doc.

For help with all your deep cleaning and restoration cleaning needs, give John a call today at 865-567-1986.
